**WELCOME TO
MELBOURNE MUSIC WEEK**

Melbourne Music Week returns 17 to 25 November for a nine-day celebration of the city's thriving, world-renowned music scene. Driven by its vision as a uniquely Melbourne event—it's the only event of its type in Australia—MMW teams up with a range of independent promoters, venues and labels to create a dynamic program that illuminates the connections between music, people and places.

MMW has built a reputation for reimaging spaces for creative use, and each year has a different flagship venue, such as the Argus Building in 2012, the Former Royal Women's Hospital in 2015, and—this year—St Paul's Cathedral. From intimate, interactive experiences in non-traditional venues to headline performances at Melbourne Town Hall, the program is a direct result of the depth and diversity of Melbourne's creative music industry.

MMW is proudly presented by City of Melbourne.

MMW respectfully acknowledge the Traditional Owners of the land on which the event takes place. We pay our respects to the Kulin Nation and all Aboriginal and Torres Strait Islander elders past and present.

**MMW HUB:
ST PAUL'S CATHEDRAL**

Pull up a pew and get ready for a week-long celebration of Melbourne's music scene. How do we follow on from the State Library Victoria as a MMW Hub? We transform one of the city's most recognisable architectural landmarks into a pulsing live music venue. From 17 to 25 November St Paul's Cathedral ('The Cathedral') will become the 2017 MMW Hub.

Standing at the very heart of Melbourne, across from Flinders Street Station, this architectural masterpiece—designed by William Butterfield—boasts a rich history with the first stone being laid in 1880. Usually a place of quiet contemplation, the gothic cathedral will play host to a German techno icon, a Montreal club veteran, an American folk hero and a whole bunch of local legends.

Meanwhile in the next-door carpark we're bringing you a huge line-up of local and international acts. For nine days 'The Carpark' will be home to lunch performances, live sets and incredible gigs co-presented with some of our favourite labels and promoters.

SUSTAINABILITY

We're committed to minimising our environmental impact and are taking proactive steps to reduce the event's landfill and carbon emissions. We've got a number of pretty cool green initiatives in store for MMW 2017.

Help make a difference by carbon offsetting your ticket. For just \$1 you can help offset the MMW Hub's carbon footprint, with funds invested into regenerating Australian native forests.

We're ditching single-use plastic cups at the Hub. Instead, when you go to the bar to get a drink you'll pay a one-off deposit for a reusable cup. When you need a refill, you'll be able to swap your cup for a fresh one, and at the end of the gig when you return your cup you'll get part of your deposit back. We'll also have water refill stations on site so you can fill your cup with water or bring your own reusable drink bottle with you (just make sure it isn't made from glass).

Did you know that every piece of plastic ever produced still remains somewhere in the earth today? Well, that's why we're also going straw-less at the Hub.
